

End of Life Announcement

## Select Nodegrid Link SR Configurations

ZPE Systems is announcing the End-of-Life (EOL) and discontinuation of the part numbers outlined in **Table 1**.

With this announcement, we encourage you to contact ZPE Systems to decide which replacement, alternative, or comparable Legrand product offering will best fit your operations.

### Announcement Milestones

|                   |                                                                                                                                                                                                                                 |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| September 1, 2025 | End-of-Life Announcement (EOL) is the public notification date that commences the announcement that a product has been discontinued.                                                                                            |
| December 31, 2025 | Last Order/Sale Date (LOD) refers to the final date on which purchase orders can be placed for the affected product, subject to product availability.                                                                           |
| December 31, 2025 | Last Ship Date (LSD) is the last possible ship date that can be requested for the affected product.                                                                                                                             |
| December 31, 2027 | End of Support Date (EOS) is considered the final Milestone. It's the last date to receive engineering and technical support services for the affected product(s) under a service contract or by warranty terms and conditions. |

To streamline our product offerings and address challenges related to component availability, we are announcing the End of Life (EOL) for some Link SR SKUs. All other Link SR SKUs are not impacted by this announcement and can still be ordered. This decision will help simplify the ordering process and ensure we can continue to deliver high-quality, reliable solutions to our customers.

## Part Number(s) Affected by this Announcement

| End of Life Part Number | End of Life Product Description                                                                                                                                                                                                   | Replacement Part Numbers |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| LSR-T1-UPG2             | LSR 1 RJ45 Serial rolled, 1 ETH (PoE in), 1 SFP, 2 GPIO, 2 OUT, X86_64, 4-Cores, 8GB DDR3, 16GB SLC-lite encrypted solid-state SATADOM, 1 VGA                                                                                     | Planned for 2026         |
| ZPE-LSR-48-BASE         | ZPE Link SR, 1x RJ45 Serial rolled, 1xETH (PoE in), 1x SFP, 2 GPIO, 2 OUT, 4-Cores, 8GB DDR3, 16GB SLC. Single DC input. AC Power adaptor not included. Includes Standard 2 year support and HW warranty.                         | Planned for 2026         |
| ZPE-LSR-48-W5           | ZPE Link SR, 1x RJ45 Serial rolled, 1xETH (PoE in), 1x SFP, 2 GPIO, 2 OUT, 4-Cores, 8GB DDR3, 16GB SLC, WiFi 5. Single DC input. AC Power adaptor not included. Includes Standard 2 year support and HW warranty.                 | Planned for 2026         |
| ZPE-LSR-48-4G           | ZPE Link SR, 1x RJ45 Serial rolled, 1xETH (PoE in), 1x SFP, 2 GPIO, 2 OUT, 4-Cores, 8GB DDR3, 16GB SLC, 4G LTE (CAT12). Single DC input. AC Power adaptor not included. Includes Standard 2 year support and HW warranty.         | Planned for 2026         |
| ZPE-LSR-48-4G-W5        | ZPE Link SR, 1x RJ45 Serial rolled, 1xETH (PoE in), 1x SFP, 2 GPIO, 2 OUT, 4-Cores, 8GB DDR3, 16GB SLC, 4G LTE (CAT12), WiFi 5. Single DC input. AC Power adaptor not included. Includes Standard 2 year support and HW warranty. | Planned for 2026         |

## Next Steps

**We recommend following these steps to make sure that you are doing what is best for your operations.**

- Download a list of discontinued part numbers to determine if a product/model in its end-of-life is in use in your operations.
- Review your existing service contract terms to understand your remaining coverage.
- To select an alternative or comparable product offering, contact your ZPE Systems sales representative.
- Breathe easy knowing that you will have expert support from the ZPE Systems team to help you during your transition to a newer product offering.
